MESSAGE FROM THE CHAIR

As your Board Chair I will continue working with the entire Board of Directors and staff as we strive to enhance the economy so that your business can not only survive

but thrive. You will see your Chamber pursuing its mission with even more vigor.

The Chamber cannot be successful if you and your business are not successful. Therefore, you will see us heavily engaged in those legislative, economic development and quality of life issues that most affect your business. We work with our public offi-

cial to make sure our quality of life is protected as we work to enhance our efforts to recruit new jobs as well as our existing employers to retain and expand the workforce. These are all critical components to the future success of our community and our business.

It is important that you know your Chamber! The Crossville-Cumberland County Chamber of Commerce is a private, not-for-profit 501 (c) (6) organization. It unites companies, professionals, organizations, groups and education institutions who are committed to build a better community. Clearly, most of our members are small businesses interested in creating and fostering a healthy environment in which to conduct business.

But most importantly, the Chamber is people. People such as you - - people who realize that through the Chamber, we can accomplish collectively what no one individual can do alone. The strength of the Chamber lies in attracting a great number of members, thus creating a pool of resources from which to draw ideas, energy and financial support.

As we face the challenges ahead I would like to thank you as a member for your overwhelming support. Collectively, your investment and participation in the Chamber provides the foundation for continued growth and success.

EXECUTIVE MANAGERS GROUP

James Perry, Chair

U.S. Senator Bob Corker met with members of the Chamber's Executive Managers Group and other business leaders on Wednesday, October 15 in an informal presentation of financial events of the past few months.

Senator Corker told the group that he had asked to serve on the banking committee just days prior to financial crisis that started with failed investment firms and swept through other segments of the nation's economic base like falling dominoes. Senator Corker, who was elected to the U.S. Senate in November of 2006, serves on the banking, energy, foreign relations, small business and aging committees.

Hard decisions lie ahead, Senator

Corker predicted, but he remains optimistic that with time and diligent effort on the part of government, financial

and investment companies and tax payers, the country has better days around a distant corner.

Soon the Gazebo will be adorned with an oversized golf ball standing on top of an oversized golf tee placed in artificial turf. You will also notice a new

sign for the Plateau Information Center facing Main Street. This project would not have been possible without the assistance of Progressive Savings Bank, and USDA Rural Development. The Cumberland County Master Gardeners will provide landscaping with a grant from VEC. Stop by 34 South Main Street and check out the 24/7 Visitor Information Kiosk today!

ANNUAL MEMBERSHIP MEETING

The changing of the guard. The passing of the torch. It seems every profession participates in some form of it. The Crossville-Cumberland County Chamber of commerce is no exception. The annual membership meeting was held August 1st at Forte's in Tansi.

Janice Hamby, Chamber Chair introduced outgoing Chamber board members and officers, who each received plaques for their service. Outgoing members include Charles Daugherty, Randy Graham, Charlotte Medley, Mike Metts, and Bill Startup.

Sam Venable was the guest speaker for the event. Mr. Venable, who is known for his homespun humor, is a University of Tennessee graduate, author, storyteller and an outdoor editor for the Knoxville News Sentinel.

COMING DECEMBER 4th!!!!!!!!!!!!!! HOLIDAY BUSINESS AFTER HOURS!

Janice Hamby stated, "One of the most frequently mentioned benefits of membership in the Chamber is networking, so on a quarterly basis, the Chamber sponsors a reception funded, and hosted by members for members to get to know each other in a relaxed and comfortable environment. If you haven't made a habit of attending, you're missing out on one of the best uses of your membership investment. It's not all about making a sale or even meeting potential customers. Although that would be great, networking also presents

the opportunity to learn how other business leaders have been successful in their business. So come, not only armed with plenty of business cards, but also have your questions ready for free advice."

On October 23, 2008, the Chamber held the quarterly Business After Hours which was sponsored by Cumberland County Bank. This event was the kick-off our 12th Annual "Shop Crossville First" campaign. The event was a huge success with over 100 Chamber member representatives attending.

ECONOMIC DEVELOPMENT BOARD ***Don Sadler, Vice-Chair***

GOVERNOR'S CONFERENCE ON ECONOMIC AND COMMUNITY DEVELOPMENT

The Tennessee Governor's Conference on Economic and Community Development was held in Nashville, September 15-16th. At the conference Cumberland County received recognition from Tennessee State Governor Phil Bredesen for the county's renewal status as a Three-Star Community. The Three-Star Program is designed as a road map to assist local communities in their effort to achieve excellence in community and economic development. Participating communities are guided through a comprehensive plan of essential criteria developed by local economic development professionals and a cooperative collaboration of various state agencies. These combined efforts have made the Three-Star Program an important component of our state's economic strategy.

CROSSVILLE FEATURED AS ONE OF 101 GREAT LOCATIONS IN THE SOUTHERN AUTOMOTIVE CORRIDOR!!!

PROJECT ARROW

The Tennessee Department of Economic and Community Development sent an RFP to the Crossville-Cumberland County Chamber of Commerce in June regarding a permanent site for National Scout Jamborees. Conceivably the investment could be \$100 million and would be completed within five years from the date of site selection.

In September the Chamber received a letter from the Boy Scouts of America stating "On behalf of Scouts and Scouting Volunteers across America, I offer my heartfelt appreciation for your efforts in Project Arrow. Your contributions have been an important part of our process in selecting the site for our future national scout jamborees".

"We greatly appreciate your participation in this site selection process. Unfortunately your site was not selected for further consideration". The Boy Scouts organization sent a commemorative Norman Rockwell print depicting a Scout's return from a great camping experience.

CHAMBER ANNOUNCES 12th ANNUAL "SHOP CROSSVILLE FIRST"

Current economic conditions make it more important than ever to think about where you spend your hard earned money.

Because local government services depend so much on local sales tax collections, the annual "Shop Crossville First" campaign of the Crossville-Cumberland County Chamber of Commerce takes on an even bigger significance this year. One way everyone can help keep property taxes low is to Shop Crossville First!

And with gas prices still higher than last year, driving less and shopping locally saves you both time and money too.

"We believe it makes sense and saves dollars," said Chamber Board Chair Janice Hamby. "Besides getting great deals locally, shoppers will save on time and gas by not driving to places like Knoxville or Nashville to shop. With the rise of online shopping, customers might be swayed to stay at home altogether, but the Internet is hardly an alternative to the warm, friendly, face-to-face service that our local businesses can offer. Plus, with all the high shipping costs and the long wait for your purchases to arrive, it's so much easier to go around the corner to your favorite store."

With shopping locally a priority for the whole community, this year the program's visibility will be raised with billboards featuring pictures of those who protect and serve the community thanks to our sponsors and Flynn Sign Company. The billboards show individuals representing

community police and fire protection as well as teachers, all professions that are funded through local sales tax revenues. (Photos provided by Jim Young)

"Keeping tax dollars in Crossville and Cumberland County also supports local businesses that employ our friends and neighbors," explained Jerry Wood who chairs the Chamber's Retail Development Division. Wood added that 123 businesses supported the "Shop Crossville First" program last year.

Shoppers can start looking for the "Shop Crossville First" logo on Thanksgiving, November 27, 2008. Aside from finding great deals on holiday gifts, participating businesses will also have registration forms and boxes. This year, twenty \$100 gift certificates from participating merchants will be won. Five gift certificates will be drawn each Monday on December 1, 8, 15 and 22.

Wood and Hamby both expressed their thanks to this year's corporate sponsors, The Bank of Crossville, Cumberland County Bank, First Bank, First National Bank of Tennessee, Progressive Savings Bank and Highland Federal Savings and Loan for support and assistance with supply expenses, and thank you to all Crossville businesses for their support.

For more information or to participate in the program, contact the Chamber at 484-8444. Media coverage will be provided by the Crossville Chronicle, Glade Vista, PEG Broadcasting and JWC Broadcasting.
